

Lauren Blissard

AIA, ALA, NCARB, LEED AP BD+C, LEED AP HOMES, USGBC LEED® Faculty™, LEED for Homes Green Rater, HERS Rater, Greenstar Professional, Chicago Self-Cert, 2012 IECC Plans Examiner / Inspector

Technical Director / WERS Program Administrator
Green Builder® Coalition

Ms. Blissard holds Bachelor's and Master's degrees in architecture from the University of Illinois and has built a successful 25-year+ practice in the design and construction of buildings, homes, and interiors. She is also a licensed architect in Illinois & Wisconsin as well as having received approval for reciprocal licensure in every state except California via NCARB certification (Certificate #62455). Other accreditations & certifications include RESnet Energy Rater, LEED AP BD+C, LEED AP HOMES & Green Rater, and USGBC LEED® Faculty™ as well as City of Chicago Self-Certification Architect and City of Chicago Registered Energy Professional (REP). In her role as the technical director, Lauren provides technical advice and specifications in the construction of green homes and buildings with an emphasis on the efficiency of the thermal envelope.

Additionally, Lauren is the principal of an architecture and energy consulting firm called LTLB Envirotecture that specializes in sustainable commercial work, new certified green homes, residential additions, existing home retrofits for aging in place clients, and providing rater services for a multitude of green building programs including Energy Star Multi-Family High Rise.
