

Steve Hale

Steve is President of Hale & Sun Construction, Inc, a 25-year old custom homebuilding and remodeling company. He is also the Director of Build Green New Mexico.

He is an advocate for water conservation. He worked to revise the 2012 version of the National Green Building Standard (ICC-700; NGBS) as a task group member on Water Efficiency. Steve is also a proponent of composting.

In addition to his Board seat with the Coalition, he also serves on the Board of NAHB and the New Mexico HBA.
